

# Digital Dentistry: It's Not Just a Crown in a Box

In Association with **Kuwata Pan Dent & LED Dental**

**Wednesday, October 19, 2016**

## PROGRAM DESCRIPTION

The time has come to embrace the digital era of dentistry and digital impressions. Digital intraoral scanners have evolved over the years to be a viable alternative to traditional impression material.

Join us for an insightful presentation on how to update your practice with the technology and laboratory partner to increase productivity and improve profits. At the completion of the course, you will have a better understanding of the digital implant workflow from treatment planning to final insertion. You will see how digital dentistry will reduce chair time, increase productivity, and improve predictability.

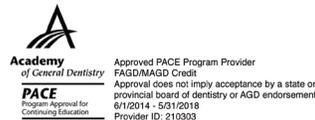

## LEARNING OBJECTIVES

- The digital implant workflow
- Scanning & data acquisition
- Available implant restorative options
- New revenue streams
- Troubleshooting difficult cases
- The limitations of digital intraoral scanning
- What the future holds for digital implant dentistry
- Why the time is now

## SPEAKER

**Dr. Robert W. Berg** received his DMD degree from Tufts University School of Dental Medicine and a Certificate in Prosthodontics from Albert Einstein College of Medicine/Montefiore Medical Center. He currently maintains a full-time private practice limited to prosthodontics in Manhattan, NY. He is a clinical instructor in Surgery (Dentistry, Oral & Maxillofacial Surgery) at New York Presbyterian Hospital – Weill Cornell Medical College. He is an active member of the American College of Prosthodontics, Academy of Osseointegration, the International and American Associations for Dental Research, a fellow of the Northeastern Gnathological Society, and a fellow of the Greater New York Academy of Prosthodontics. He is a reviewer for the International Journal of Oral Maxillofacial Implants. With a primary interest in digital dental workflows, restorative/prosthetic materials and dental implants, Dr. Berg has published numerous manuscripts, research abstracts, and continues to perform research in these areas.
